

The background features a gradient from light green on the left to dark blue on the right. On the left side, there are several circular and semi-circular patterns, some with dashed lines and arrows, suggesting a technical or scientific theme. A prominent scale with numerical markings from 140 to 260 is visible, curving across the left side. The overall aesthetic is clean, modern, and data-oriented.

BEYOND TEDX

Thank you for attending our webinar! Please visit these sites for more resources and information. Don't forget to share your thoughts and experiences on our [Remembering TEDX page](#).

- WWW.TEDX.ORG will be up until September, 2022. To find links to the websites of our amazing partners please go here for [Endocrine Resources](#) and [Oil & Gas \(Fracking\) Resources](#)
- For general information on endocrine disruption visit the [EDC-Free Europe](#) campaign from the Health and Environment Alliance ([HEAL](#))
- Visit [Physicians, Scientists, and Engineers for Healthy Energy](#) to see their Repository for Oil and Gas Energy Research ([ROGER](#)) database
- Read TEDX's [statement to the United Nations on the health effects of fracking](#), and our [Colorado specific statement](#), written for our partner Earthworks.
- For endocrine disruption science networking and to learn more about developing a [Regional Scientific Group](#) (like EDC-NC) visit Healthy Environment and Endocrine Disruptor Strategies ([HEEDS](#))
- To receive a weekly email with links and descriptions of the latest scientific publications related to EDCs, send an email to Sarah Howard at HEEDS/Commonweal: sarhow@gmail.com
- For announcements about EDC webinars, sign up through the [Collaborative on Health and the Environment](#)
